

Hi Friends!

We have some incredible news!

In 2017, the West Papuan people instructed the ULMWP to hand the West Papuan People's Petition to the UN Decolonisation Committee, the UN Human Rights Council, and the UN General Assembly. In 2017, the petition was independently handed to the UN Decolonisation Committee.

On Friday 25th January 2019, with state level support from the Vanuatu Government, Chairman of the ULMWP, Benny Wenda, met with the UN High Commissioner for Human Rights, Michelle Bachelet and officially submitted the Petition, taking another giant stride towards freedom.

"On behalf of the West Papuan people, I can state that the West Papuan People's Petition, carrying the voices of 1.8 million West Papuans, has been officially handed to the UN High Commissioner."

- Benny Wenda
